	Berga Soft CG 50	Coco Glucoside	Berg + Schmidt	12,00
	Perfume	Parfum	OQEMA	0,50

METHOD

1. Mix Phase A.
2. Mix **Phase B** and add to Phase A and mix at slow speed to avoid excessive foaming.
3. Adjust pH if necessary to stay between **8–10**.

APPEARANCE

Transparent liquid.

HIGHLIGHTS

Crystal-clear shine, effortlessly. Our Glass & Window Cleaner Spray combines CAPB and BergaSoft CG 50 for powerful yet gentle cleaning. Ecoenzyme DET L600 naturally breaks down tough stains, while Dequest® 2010 prevents streaks and water marks. Ethanol ensures fast-drying, leaving windows and mirrors sparkling. Smooth, easy-to-spray texture with a fresh, light fragrance makes cleaning quick, safe, and satisfying every time.
