

SILICONE FREE CONDITIONER: NO FRIZZ EFFECT

Conditioning the strands of hair is one of the most important steps in hair therapy. And for such a significant moment, this formulation presents the most technological within the natural routines for hair care. **PRACAXI OIL** is a powerful bioactive that combines two long-chain fatty acids for intense alignment of all types of curls, known as hair thinning. It is a natural alternative to less volatile silicones. **MURUMURU BUTTER**, in addition to bringing a remarkable sensory effect to this conditioner, recovers the damage caused by the excessive use of chemical treatments and temperature. **CITROBREU** is a natural aromatic resin that helps in the deposition of actives under the thread, enhancing the conditioning action, brought primarily by **GREEN BEHENIC**. **CITRO UCUUBA** densely lubricates the threads, without weighing down the look, and incorporates a velvety and creamy texture.
