OQEMA is an established supplier of raw materials to the Flavour and Fragrance industry, with specific emphasis on quality, continuity of supply and service. Our products are used to manufacture functional and fine fragrances as well as flavors for foods and drinks.

Our company headquarters are in Liedberg, with F&F dedicated teams based in Oxford, Rotterdam, Hamburg, Kunshan and New Jersey. We have strong relationships with manufacturers around the world and are constantly exploring new avenues to discover unique and exciting products. With strategic stock holding points throughout Europe, The Middle East, Asia and the US, we are poised to exceed our customers 'just in time' requirements.
