Synthetic Aroma Chemicals

For over 50 years, OQEMA has been supplying the fragrance and flavour industry with natural raw materials. Our portfolio is extensive, covering everything from conventional to organic, absolutes, naturals, cooling agents, and oral care essentials, to name a few.

In the ongoing struggle between population growth and finite resources, sustainable management is gaining traction. We recognize our social responsibility in this matter, and over the years, we've ramped up our commitment to sustainability and ethical sourcing.
